# WHAT YOUR CONTRIBUTION WILL SUPPORT

For 20 years, La Maestra has been a change agent and anchor for refugees, immigrants and native-born residents in San Diego's lowest income and most diverse neighborhoods, providing comprehensive health care and support services through its Primary Care, Adult, Pediatric, Geriatric, Women's, Urgent Care, and Telemedicine Centers, laboratory, pharmacy and food pantry as well as its mental health, dental, health education and outreach, job placement and training, microcredit, financial and environmental literacy programs.

This year, La Maestra will be making history by becoming one of the first USGBC LEED® Gold certified community clinics in the country, showing that it is possible for small, non-profit health clinics to be at the forefront of sustainable design, and raising awareness that "healthier" healthcare facilities should be an integral part of patients' healthcare and a community's commitment to the environment. This state of the art facility will house all of La Maestra's health and social services in a one-stop resource center that is designed to be culturally welcoming for families. La Maestra's new health center has been constructed with sustainable, recycled and locally sourced building materials and energy-saving techniques.

# SIGN ME UP!

*If you would like to sponsor La Maestra's Annual Golf Tournament, please contact Lindy Webb at (619) 717-1866 lindy@lamaestra.org*
